

Die Brezelfenstervereinigung e. V.

The Brezelfenstervereinigung – founded in 1975 – is a worldwide club with more than 1.000 members and enthusiast of early Volkswagens.

The mayor target is to keep the historic Volkswagens original like Beetle (chassis pre 1600439), Bus (chassis pre 316156), Kuebel-/Schwimmwagen and special bodies on a Volkswagen base.

For members we have some interesting offers:

- Club-magazine „Brezelfenster“ (4 issues a year), with important and amusing stories around the vintage Volkswagen scene, technical tips and a car and spare part market.
- Several re-prints of old ads, manuals and technical flyers were made and given to members only.
- Every Spring and Fall there are meetings organized by members for members, with cruises, swap market and a friendly atmosphere.
- The Club has an own archive and is a help, if there are any technical questions, information about the originality needed. VW-Specialists organize workshops and give their knowledge to members.
- With a mobile club presentation the Brezelfenstervereinigung joins exhibitions, swap markets, car shows and VW-Meetings.

When you are an owner of an old Volkswagen – become a member of the Brezelfenstervereinigung or make a subscription to the club magazine.
